Singer Products Company, Inc.
95 Broad Street
New York 4, New York

Dear Mr. Singer:

I want to thank you for your offer to make WNYU a showcase for Singer Products. As I explained, there is not a great deal of studio equipment that we need. However, if we are looking for something carried in your catalogue I will contact you.

Hours after I left your office I learned that Fairleigh Dickinson University had filed an application for the same channel that we had requested. I have postponed contacting you in the hope that the question of the allocation of the channel would be cleared up quickly in New York University's favor. However, every new day seems to bring more involved legal and administrative problems and a quick settlement does not seem likely. When the time comes to equip the station we would like to talk with Mr. Schwartz further about FM multiplex.

My thanks to you and Mr. Schwartz for the interest you have shown in WNYU.

Sincerely,

Richard D. Robins
